Priority Issues & Action Items

SEVERITY	CATEGORY	FINDING & ACTIONABLE RECOMMENDATION
PASS	Headers	Page returned 200 OK
WARNING	Technical	<title> display width (66 units, 66 chars) outside recommended 30-60 unit range (~600px in Google's SERP)
WARNING	Technical	Meta description display width (197 units, 197 chars) outside recommended 70-160 unit range for latin content
WARNING	Schema	FAQPage: FAQPage rich results are limited to authoritative government/health sites in most regions — Fix: Address recommended schema fields to avoid validation warnings.
PASS	Schema	Found 2 valid structured data block(s)
WARNING	Content	1 skipped heading levels (e.g. h2 -> h4) break the document outline
WARNING	Media	8 images missing width/height attributes (CLS risk) — Fix: Explicit dimensions let the browser reserve layout space and prevent cumulative layout shift.
WARNING	Media	11 legacy-format images (jpg/png/gif); consider WebP/AVIF for smaller payloads
WARNING	International	No hreflang annotations found (fine for single-locale sites)

Technical & Server Diagnostics

METRIC	OBSERVED VALUE	BENCHMARK / CONTEXT
HTTP Response	200 HTTP	Vercel
TTFB (Latency)	554 ms	Time to First Byte
Canonical Tag	https://www.gamasecurity.cl	Target URL definition
Robots Directives	index, follow	Meta robots / X-Robots-Tag
